**U.S. Customs and
Border Protection**

AUG 30 2016

MEMORANDUM FOR: All Chief Patrol Agents
All Directorate Chiefs

FROM: *EAL*: Mark A. Morgan (b) (6), (b) (7)(C)
Chief
U.S. Border Patrol

SUBJECT: Implementation of CBP Vehicle Pursuit Reporting in the Assault
and Use of Force Reporting System

As a result of an agency-wide effort to create transparency in Use of Force initiatives, the Emergency Driving and Vehicle Pursuits guidance for U.S. Customs and Border Protection Personnel is being updated to reflect a more consistent method of capturing, tracking, and reporting all CBP-initiated vehicle pursuit data.

Effective Thursday, September 1, 2016, all vehicle pursuits initiated by CBP components are to be reported in the Assault and Use of Force Reporting System (AUFRS). This reporting and tracking requirement is in addition to existing Situation Room reporting responsibilities. AUFRS will aggregate the data for use in reports compiled by CBP.

Fields were added to AUFRS concerning CBP Pursuits and more fields are slated to be added during upcoming releases over the next eight to ten weeks. The memorandum, *CBP Vehicular Pursuit Reporting in Assaults and Use of Force Reporting System*, has been attached for reference.

Questions may be directed to CBP's Law Enforcement Officer/Agent Safety and Compliance Directorate through its mailbox, (b) (6), (b) (7)(C). Technical questions should be directed to the Technology Service Help Desk at (b) (6), (b) (7)(C). Please direct all other questions related to e3 to the Strategic Planning and Analysis Directorate's Enforcement Systems Division at (b) (6), (b) (7)(C).
